Dear Fellow Businessperson of Moorpark,

The Steve Robertson Youth Theater Workshop for Spring 2008 was launched at the Boys & Girls Club on January 15 with 26 students, with more than half of them on scholarships supported by the High Street Theater Foundation.

The after-school theater workshop trains Moorpark youth, ages 10-16, in the basic skills of the theater. The objective is to provide Moorpark youth a theater workshop experience and to make it available to a large cross section of Moorpark families

The production of "Seussical the Musical" was presented on March 9, 2008 at the Walnut Canyon School Auditorium and drew an audience of 400 friends and relatives, similar to last year's production of "Grease Jr."

With the large number of scholarships and the upcoming theater rental expenses, the Foundation is still in need of sponsors.

The sponsorship levels are defined in the attachment. In addition to advertising in the program, we are offering to include sponsor's emblems on the Workshop T-shirts being provided to the children.

Sincerely yours,
